Vision spinner 2 troubleshooting manual diagram pdf file

I'm not robot!

Please read these instructions along with the Instructions provided with your product Turn off the battery in / off - The battery is activated / off by pressing the LED button five times quickly - the button flashes three times in mixed color to indicate that the battery is activated / off Setting the voltage output - The Spinner II battery is able to produce a voltage of 3.3v to 4.8v The lower scale indicates the position of the voltage output level. To change the voltage, turn the lower turn dial to align the red line to the required voltage output level as marked. The red line in the lower column can remain in any position along the scale between 3.3v and 4.8v to adjust your voltage output, despite the position of four blocks at 3.3v, 3.8v, 4.3v and 4.8v Note that the red line moves between 3.3v and 4.8v along the scale. Do not turn the red line at the bottom of the anti-auricular rotating line when at 3,3v or clock when at 4.8v as this can damage the battery if rotated forcefully. For more information on the use of variable voltage batteries click here Distorting the battery to your purifiers - With your clearer in a hand ruin the battery on the watch ensuring a tight fit (be careful not to cross thread while doing this and not over-reflecting). Undo the battery of your Clearomizer - With your clearer in a hand get rid of the battery with an anti-locker action. Battery charge indicator – This battery has a charge indicator displayed using the LED button and indicates the following: white LED - 100-50% power that stays LED BLUE - 50-25% power that follows ORANGE LED - 25-0% power that remains The button flashes fifteen times in mixed color to indicate that there is no power left in the battery and can no longer work without being properly charged. Charge of your battery –Battery Spinner II is a power battery of 1650mAh under normal operating conditions and for the the life of the battery only charge the battery when it is out of charge. Simple unscrew your battery from your Clearomizer and clean the battery contact area then screw clockwise into a suitable eGo Charging Lead ¢ÃÂÂ but do not over tighten. The eGo Charging Lead has a USB Input which can be put into a PC USB slot or a suitable eGo Mains Wall Charger. The eGo Charging Lead features an LED light which will glow red when charging. When the battery is fully charged the LED light will turn Green. The Battery LED button will light up orange, then blue and then white whilst charging and go out when fully charged. Typically charging will take 4-5 hours. Once fully charged remove the battery from the eGo charging Lead. Warnings: Do not leave charging batteries un-attended. Do not charge batteries overnight. Batteries contain electronic circuits and like any electronic device they can be damaged if dropped, mistreated or immersed in water (or other liquids). Not all USB ports are the same. Only use USB ports that are directly connected to your computer and not extension USB ports. The voltage required for the USB charger may not be met by some laptop and extension USB connections. The Spinner II Battery requires a standard USB charger of 420mA output and a wall adapter of 500mA output. Any use of non-standard chargers, especially with higher output such as iPhone chargers, will damage the battery. Usage of non-standard chargers on Spinner II is strictly is dangerous and immediately invalidates the warranty. Other important facts ¢ÃÂÂ The Spinner II battery has Short circuit protection - the button ˜Ã¬ÃÂashes three times and stop working temporarily until the conditions causing short circuit are removed. Short circuits can be caused by: Incorrect use of an atomizer versus voltage setting; using the wrong USB charger for the battery, and other factors Working time protection ¢ÃÂÂ when battery is on, in case of pressing the button for more than eight seconds, the button flashes five times and closes the output instantly. finished item – this battery is a consumable item but should last up to 300 charges depending on how you hear it and take care of it. ► buy spinner vision 2 1650mAh battery here ► buy the itank spin2 clearomizer for the vison spinner 2 battery here you can place icons almost anywhere by hearing the css prefix fa and the icon name. . . . . you can make all so icons the same width so that they can align themselves vertically easily, as in a list or navigation menu. add a class of fa-fw in the html element that refers to its icon to establish one or more icons to the same fixed width. This is great to hear when the widths of variable icons (for example, a high but thin icon above a wide but short icon) would waste the vertical alignment. for clarity in the following example, we have added a background color on the icon so you can see the fixed width and also cut the font size of the parent element. jump at the end of the metadata created by paul scott, modified by the user-6e56b on apr 02, 2019 go to the beginning of the metadata the spinner component represents a value that is part of a series of values, such as numbers and dates. allows not only to edit the value directly, but spin the lE lE roloC dnuorgkcaByrogetaCgnitpircSopiT dadeiporPn³ÃicpircseDerbmoN .rolav elbod ed dadeiporp al rata ebed ,rennips elbod ed odom le egile detsu is ,olpmeje roP .rennips odom la ednopserroc euq rolav ed dadeiporp al razilitu ed eserºÃgesa ,sedadeiporp ed senoinu sal rarugifnoc lA .etnenopmoc led etrap nos euq ojaba y abirra ed senotob sol odnazilitu ,ojaba o abirra se odom le is lautca rolav lE)elbod(eulaVAdADeulaVetaD.etaD.'etad' se odom le is lautca rolav lE)ahcef(eulaVroivaHeBedoMnee .odatilibah ¡Ãtse litc¡Ãt allatnap ed odom le is ednopser adartne ed etnenopmoc etse odnauC slortnoCedoM .rennips etse atpeca es sotad ed opit ©Ãuq alortnoc edoM ehtedom rennipSataDytilauQ.edoCytilauQ .etnenopmoc etse ne ateuqite ed ecalne reiuqlauc arap sotad ed dadilac ed ogid³Ãc lE ytilauqroivaheBezispets.elbuoD.'elbod' o 'oretne' odom le ne ©Ãtse odnauc ojaba aicah o .'elbod' o 'oretne' odom le ne ¡Ãtse odnauc ¡Ãratpeca rennips etse euq ominÃm rolav le ominÃm ocir©Ãmunatadeulavxam.elbuoD .'elbod' o 'oretne' odom le ne ©Ãtse odnauc ¡Ãratpeca rennips etse euq omix¡Ãm rolav le omix¡Ãm ocir©ÃmuneCracApapAtAmroFrebmuN. .etnenopmoc etse ed erbmoN ehtemannommoCtxeTpitlooT.gnirtS .etnenopmoc etse ed revOesuoM ne ecerapa euq satneimarreh erbos n³Ãicamrofni al ne artseum es euq otxet lE otxeT revoesuEcnAErApAdnuorGeroF.roloC.rotceleS roloC etlusnoC .LSH o ¢Ãbgr ed rolav omoc rasergni o seroloc ed atelap al ed adigele ,roloc ed adeur al ed rigele edeup eS .)sodnamoc ed saicneuces y secalne ne elbasU .ael oloS(.acop©Ã al ed aroh al edsed sodnugesilim ne ahcef al sodnugesilim ne etadEpapAtAmroFetaD.gnirtS .ahcef ed odom le ne ¡Ãtse rennips le odnauc rasu arap n³ÃrtaP atamrof ed atamroF ahcef ed otamroF .redroB .edrob orto y aenÃl ed edrob ,opmac ed edrob ,n³Ãtob ed edrob ,)elbod(lesib ,)odavele(lesib ,)odajab(lesib ,)odavele(odabarg ,)odajab(odabarg ,edrob nis :nos senoicpo saL .etnenopmoc etse aedor euq aretnorf aL redroBecnaraeppadnuorgkcaB .roloC .etnenopmoc led roloC ♪♪ ♪♪ .tneve siht derif taht tnenopmoc ehTecruos..seitreporp)cimanyd(motsuc dna dradnats rof skrow siht .segnahc tnenopmoc ecruos eht fo ytreporp elbadnib a revenehw seriFegnahCytreporpegn I don't know a oÃvne ed afirat aveun anu eugaP)1 :)sonam sartseun ne ¡Ãtse ay eteuqap le euq zev anu(selpmis senoicpo 2 somecerfo el ,lapicnirp n©Ãcamla ortseun a evleuved es ,otnat ol rop ,y ragertne edeup es on eteuqap le o atcaxeni se n³Ãiccerid al iS .atcerroc aes oÃvne ed n³Ãicamrofni al adot euq edepsA- .SPSU ¡Ãres n³Ãicpo acinºÃ us ,OP ajac anu a someivne euq atisecen iS .xEdeF y SPU salecrap sal sadot arap acisÃf ellac ed n³Ãiccerid anu somireuqer ,n³Ãicacibu us ne odidep us renetbo araP - .anames al a saÃd 5 ,etnemairaid sodidep somaivnE .selegnÃ soL ,ortnec le ne artneucne es lapicnirp n©Ãcamla ortseun ,ograbme nis ,¡ÃdanaC y sodinU sodatsE sol ne senecamla ed der anu edsed sotcudorp sus aÃvne sepiT ssalG hgiH allim oÃvne ed n³Ãicacibu ed n³ÃicamrofnI .sodidrep o sodabor ,soÃdrat seteuqap arap oÃvne le erbos areicnanif n³Ãicasnepmoc anu somecerfo on euq atneuc ne agnet ,XEDEFSPUSPSU .edrat aredisnoc es oerroc lE is recah ©Ãuq y ,oerroc o atsitropsnart us ¡Ãragell odn¡Ãuc ranimreted arap ,oerroc ed esalc al ed n³Ãicnuf ne agertne ed seradn¡Ãtse sus nartseum euq n³Ãicaunitnoc a serodarepo sol ed sordauc sol etlusnoC .racifirev la adaesed oÃvne ed dadicolev us rigele la otneimasecorp ed sopmeit sol atneuc ne agneT .oidemorp otneimasecorp ed sopmeit sol ratnemua nedeup ,)91-divoC ed aimednap etneicer al ,riced se(soiD ed sotca sorto u selarutan sertsased ,ocip sadaropmet sal etnaruD .eteuqap led adagell ed sahcef sal necitnarag on ,arpmoc al razilanif la sodazitoc oÃvne ed sopmeit sol y selib¡Ãh saÃd naredisnoc es on sodairef sol y anames ed senif sol euq atneuc ne agneT .lib¡Ãh aÃd etneiugis led ritrap a n¡Ãrasecorp es anames ed senif sol o TSP 00:5 sal ed s©Ãupsed sodazilaer sodidep sosE .aÃd omsim le aÃvne es aÃroyam al ,ograbme nis ,selib¡Ãh saÃd 3 a 1 ed se TSP .m.p 5 sal y .m.a 01 sal ed saroh sal ertne senreiv a senul ed sodazilaer sodidep arap radn¡Ãtse otneimasecorp ed opmeit lE .cte ,etropsnart ed senoisiced ,selbagertne on senoicceriD corrected address, and we will be your package again... or... 2) Request a refund for the price of the product less the fees due to the first incorrect shipping instructions given. Free shipping from USA. U.S. By default, mile high glass beams are shipped at 50However, free of charge, keep in mind that your package can take up to 7-10 days to reach its location. We use UPS and USP to achieve this, therefore, we reserve the right to choose what a rate will be the best for us. (which can often take time that the accelerated options provided at the end of the purchase). - Mile High Glass Tubes reserves the right to label any product as inapplicable towards the total applicable amount for free shipping. International orders can be made in line, however, it is understood that the client must pay all additional customs rates. See the rates and details of the UPS Customs Authorization in Canadă Aquă. See rates and details of USPS customs authorization in Canadă here. Monitoring Once your order was sent, you will be sent to follow up through the email that provided us with the payment process. Allow a minimum of 24 hours after your follow -up number indicates that you are "delivered" before claiming it as a lost package. (This is due to a number of different reasons, depending on the operator). Learn more about the state of the USPS Package here. Get more information about the state of the UPS AQUE package. Notes: 1) "If you forgot to give us an email at the end of the purchase, do not hesitate to contact your order to get more details about your follow -up. 2) If you have already received your # of follow -up, keep in mind that We may not be able to change, cancel, reimburse or modify your order until you reach your destination. 3) Keep in mind that some exceptions can be listed to the sending times of certain products in the list of products in yourself. We will make your order here in the warehouse until we have your news. (Because we want you to be happy!) RESPONSIBLE FOR ABIDING BY THEIR LOCAL LAWS REGARDING THE SHIPMENT OF PRODUCTS TO THEIR LOCATIONS. +18 Adult signature required upon delivery.
